**RESPONSE TO NOTICE TO FILE
MISSING PARTS OF REISSUE APPLICATION**

Hon. Assistant Commissioner for Patents
Washington, D.C. 20231

Sir:

In response to the Notice To File Missing Parts Of Reissue Application ("Notice") dated February 25, 2002, having a two month period of response set to expire on April 25, 2002, submitted herewith is the following document for filing in the above-referenced application:

1. A revised specification provided in double column format as required by 37 C.F.R. § 1.173(a).

It is noted that the above-identified Notice also indicated that the Assignee's Statement Under 37 C.F.R. § 3.73(b) was missing from the application as filed. However, a copy of the original assent of the assignee to the reissue application was filed concurrently with the filing of the application, which indicated the frame and reel number assigning the patent in issue to Matsushita Electric Industrial, Co. Ltd. As

confirmed by Mr. Hayden of the USPTO during a phone call with Applicant's attorney, Michael Fogarty, the original assent of assignee to the reissue application is sufficient to satisfy the requirement under 37 C.F.R. § 3.73(b) in the continuation reissue application. A copy of the original assent of assignee is enclosed.

Applicants believe that no extension of time is required. However, this conditional petition is being made to provide for the possibility that Applicants have inadvertently overlooked the need for a petition for extension of time. The Commissioner is hereby authorized to charge any fees due in connection with this Response to Deposit Account No. 50-0417.

Respectfully submitted,

MCDERMOTT, WILL & EMERY
